7. Short Bio: Draco is a fun-loving, affectionate companion who thrives on spending time with his people. Whether he's snuggled up on the couch with his kids or racing around the yard, he's always happiest when surrounded by those he loves. One of his favorite pastimes is sniffing out mice in the tall grass, but he's just as content standing guard at the window, keeping a watchful eye on his home. Draco has a keen sense of awareness—if something is out of place, he's the first to let everyone know! He's an adventurous spirit who enjoys car rides and new experiences but approaches the unknown with a thoughtful, cautious nature. Raised in Iowa, he loves his toys, his open spaces, and most of all, his family. Whether he's playing, exploring, or giving kisses, Draco brings joy to everyone he meets.
